Our EMS Multi-Surfaced Flexible Inner Socket comes with a six (6) month warranty which begins the day your order ships. If you (patient or prosthetist) suspect a material failure or fabrication defect, call us immediately at (855) 654-0858. You may be asked to provide the following: purchase order number, serial number, date suspected defect was observed, and photos. Once the warranty exchange is approved, you will be shipped a replacement EMS Inner Socket along with a return shipping label to send us the defective socket. We value each and every customer and we appreciate the opportunity to assist in providing a better quality of life for amputees.
